PROFESSIONAL SUMMARY

Experienced Engineering Manager with over 20 years in the field, including 10 years leading high-performing teams to deliver projects on time and within budget. Proficient in strategic planning, resource allocation, risk management, and process optimization to enhance efficiency and productivity. Dedicated mentor committed to professional development, providing actionable feedback to foster growth. Skilled in cross-functional collaboration, translating business requirements into cohesive technical solutions. Committed to enforcing technology standards and implementing robust testing practices to ensure the delivery of high-quality solutions.

EDUCATION

GENERAL CERTIFICATE OF EDUCATION (SCIENTIFIC DIPLOMA), SCIENCE – COMPUTER ADDRESS
"LUIGI EINAUDI" HIGH SCHOOL – SIRACUSA | 1998 - 2004
MATHS, PHYSICS, ITALIAN, BIOLOGY, CHEMISTRY, COMPUTER SCIENCE, LATIN, HISTORY, PHILOSOPHY, ENGLISH

EXPERIENCE

SENIOR DATA PLATFORM ENGINEER
NATWEST GROUP, LONDON | SEPTEMBER 2021 – PRESENT

- Lead the Data Lake Cloud Engineering team, driving the development of advanced features and solutions by leveraging AWS native functionalities and strategic third-party integrations to enhance data analytics and support business growth.
- Conduct comprehensive Terraform code reviews and plan upgrades to maintain stringent security protocols and AWS IAM compliance, ensuring robust data protection.
- Perform impact assessments for proposed cross-platform changes, enhancing process efficiency and functionality.

SENIOR TECHNICAL SPECIALIST
AEVI LTD | JUL2019 - SEPTEMBER 2021

- Managed a team of five Platform Engineers, overseeing projects from inception to completion in a multi-cloud environment, ensuring alignment with business objectives and technical excellence.
- Enhanced security governance within the Terraform Infrastructure as Code framework, establishing a PCI-certifiable environment and reinforcing data protection measures.

CLOUD INFRASTRUCTURE ENGINEER
SOLARCENTURY HOLDINGS LTD | APR 2016 - JUL 2019

- Led the migration of processes to Terraform and Ansible orchestration, automating AWS cloud operations and improving system efficiency.
- Implemented enhanced security protocols and policies across infrastructure and systems, including conducting internal password audits to safeguard sensitive information.

NETWORK AND SYSTEM ENGINEER
STREYM LTD | DEC 2013 - JAN 2016

- Provided comprehensive support and maintenance for cloud systems across various industries, including media, financial services, and internet providers, ensuring seamless operations and client satisfaction.
- Managed and monitored cloud systems on Amazon and Azure platforms, as well as on-premises virtual servers using VMware ESXi vSphere and Microsoft Hyper-V, optimizing performance and reliability.

NETWORK ADMINISTRATOR
SALINI S.P.A., ROME | JUNE 2011 – MAY 2012

- Facilitated network integration and management, deploying innovative solutions for dynamic environments and ensuring seamless connectivity.
- Successfully executed projects involving server migration and network optimization in challenging locations, demonstrating adaptability and technical proficiency.

CONSULTANT
VARIOUS INDUSTRIES | JUNE 2003 - MAY 2011

- Spearheaded the design and implementation of robust network infrastructures, ensuring seamless connectivity and optimal performance across diverse environments. Executed complex server migrations and network optimizations in challenging locations, demonstrating adaptability and technical proficiency.
- Collaborated with cross-functional teams to deploy innovative solutions, enhancing system reliability and efficiency. Provided expert technical support and training, fostering a culture of continuous improvement and knowledge sharing within the organization.
